May 31, 2017

Please find the following addendum to the below mentioned QUOTE.

Addendum No.: 1

Quote#: 015-30-17-56-1

Project Name: Lindsey Lane Drainage Repair

Quote Due Date: June 13, 2017

GENERAL INFORMATION:

1. The quote due date has been changed to Tuesday, June 13, 2017.

2. Section 2.1 Scope of Work/Services has been revised. Please replace Section 2.1 with the following:

   **PART II: SCOPE OF WORK/SERVICES - REVISED**

   **2.1 Scope of work/Services**

   The Contractor shall supply all labor and materials necessary to provide and install two (2) CB-05 catch basins and grates and 55 linear feet of 8” schedule 80 PVC drain pipe including all necessary 45 degree bends and couplers. Work shall also include two (2) 8” cores into existing catch basins. Contractor shall power wash, repair and seal two (2) existing catch basins with Dayton Superior Re-crete 20 Minute Grout or approved equal. Proposed alternates to the grout shall be submitted to procurement no less than seven (7) days prior to quote opening and include manufacture’s specifications, literature and website. Contractor shall remove and replace one (1) driveway, formed to drain into existing catch basin and install sod in all disturbed areas. All debris shall be removed at no direct pay.
Locations and specifications for the drives are as follows:

Concrete drive is to be 6” thick with 4000 psi concrete and is located at 139 Lindsey Lane. Drive shall also be doweled into the adjoining concrete with 5/8” dowel pins at 24” centers to existing road panels and include all necessary saw cuts to remove without damaging adjoining panels. Drive dimensions are 12’6” x 13’5” x 21’6”. All work shall be done in accordance with LA DOTD Standard Specifications for Roads and Bridges, sec. 706. The contractor shall replace and seal joints in kind, i.e., construction joints or expansion joints. All debris is to be removed at no direct pay.

Contractor is to verify all dimensions and lengths.

Work shall include all necessary signage, barricades and flagmen per LA DOTD Standard Specifications for Roads and Bridges, sec 713 and mobilization of equipment per section 727.

The Contractor will have 30 days to complete the project from the date stated in the Notice to Proceed issued by the Parish.

A Quote Guarantee is not required for this project.

Any work that may be reasonably inferred from the specifications or drawings as being required to produce the intended result shall be supplied whether or not it is specifically called for. Work, materials or equipment described herein which so applied to this project are covered by a well-known technical meaning or specifications shall be deemed to be governed by such recognized standards unless specifically excluded.
