### **QUESTIONS AND ANSWERS**

---

**Question #1:** The work order sheets show the project starting, and cutting cement in the roadway, at 0+00 and ending at 3+88. The asphalt paving items show the paving starting at 0+48 and ending at 3+88. Please check this out and also check the quantity calculation for the cement and asphalt items.

**Answer #1:** The first 48' from 0+00 is considered a turnout and is paid under the Driveway, Turnouts and Miscellaneous item and paid in tons as noted in the specs for that item. The quantities are correct.
