The site is located on the north side of Woodlane Drive, west of Riverside Drive, being 19155 Woodlane Drive. A maximum of 5 horses will be kept on site at all time. The horses will be kept inside the existing barn, located on the site. There is an existing fence on the site, which will be extended to create an enclosed are for the horses.

STAFF RECOMMENDATIONS:

The staff recommends approval of this proposal, subject to all applicable regulations and the following conditions:

1. A fence of a minimum of 6' high must be provided and must be securely closed and lock at all time.
2. Maximum of 2 horses on the site.
3. Fresh water for drinking shall be available to all species at all times. Containers shall remain clean. All water containers shall remain free of fecal matter, urine and other debris and shall always remain easily accessible to the animal.
4. All animals shall be fed a food that is free from contamination, is wholesome, and of a sufficient quantity and nutritive value to meet the normal daily requirements of the animal. All animals shall be fed in clean containers which shall be easily accessible to the animal.
5. All animals are required to have proper shelter. In the case of a pet or companion animal that is kept outdoors, a shelter must have a minimum of three sides, a waterproof roof and a dry floor. Such shelter shall provide proper protection from the sun, rain, cold and the wind. Housing for animals shall be structurally sound and maintained in good repair. Housing for the animal shall allow, as a minimum, enough room for the animal to stand, sit and to turn around comfortably. Proper housing shall always remain easily accessible to the animal at all times.

NOTE TO PETITIONER

There is a 10 day appeals period following the Zoning Commission decision. If the request is approved, permits will not be issued until this 10 day period has elapsed.
