LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Multi Family	A-3 (Suburban District)
South	Office	NC-1(Professional Office District)
East	Undeveloped	A-3 (Suburban District)
West	School	ED-1 (Primary Education District)

EXISTING LAND USE:

Existing development? No

Multi occupancy development? No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-3 (Suburban District) to NC-1 (Professional Office District). The site is located on the west side of Pearl Street, north of Coral Avenue, being lot 5, Square 14, Pearl Acres Subdivision. The 2025 future land use plan designates the site to be developed with single family residential uses. The site is currently abutting a small multi family residential development on the north side, an office on the south side and Boyet Jr. High & Little Oak Middle Schools on the west side. Staff feels that considering the surrounding uses, the request to rezone the site to NC- 1 is appropriate.

STAFF RECOMMENDATION:

The staff recommends that the request for a NC-1 (Professional Office District) designation be approved.
