WHEREAS, the Parish is charged with the duty of protecting the employees and general public and providing guard services as are necessary to the public records at the Justice Center, and the Sheriff agrees to assume these duties on behalf of the Parish, as more fully provided in this Agreement.

NOW, THEREFORE, in consideration of the mutual benefits and covenants contained in this Agreement, the Parties agree and bind their respective offices as follows:
OBLIGATIONS OF THE SHERIFF

Sheriff will provide no less than ten (10) uniformed, deputized personnel (hereinafter, “Deputies”) for security at the Justice Center during normal operating hours (0600-1730 hours, Monday through Friday). The Security Payments (as defined below) shall be only for security personnel assigned to Justice Center security and for no other purpose. It is the sole responsibility of the Sheriff to hire, train, retain, manage and place the security personnel throughout the Justice Center to ensure proper security, which will include, but is not limited to, the following locations within the building. The Sheriff reserves the right to reassign the position of the Deputies’ position within the Justice Center based upon the security needs of the building.

1.1 Security for Public Entrance/Exits

Sheriff will assign Deputies to each of the security stations, located at the two public entry/exit points of the Justice Center. There will be a minimum of two (2) Deputies assigned to each station at all times. The assigned Deputies act as the first line of security, and ensure the continued safety for those visiting and working within the building. The Deputies on the security stations can occupy one of four positions as follows:

a. First Position/Greeting Deputy. The Greeting Deputy, who will instruct the members of the public on the process of entering the building. The Deputy will confirm that those seeking entry have removed all items from their person for purposes of scanning the items through the x-ray machine. The Deputy will also observe these items prior to the x-ray scan to check for possible contraband or prohibited items.

b. Second Position/X-Ray Deputy. The X-Ray Deputy views all items as they pass through the x-ray machine to confirm that there are no possible weapons or potentially harmful items that may possibly enter the building. The Deputy is also responsible for controlling the flow of people through the station, thus ensuring that the other deputies do not get overwhelmed and nor the security of the building compromised.

c. Third Position/Assisting Deputy. The Assisting Deputy may fill in any position as necessary, but the main responsibility of checking any items that the X-Day Deputy may consider dangerous or in need of further evaluation. This position is vital due to the Deputy’s ability to recognize any hazardous object, such as a firearm, that may pass through the x-ray machine, and secure it away from the hands of its potential user until further inquiry may be further explored.
d. Fourth Position/Scanning-Wanding Deputy. The Scanning-Wanding Deputy observes the entry of subjects through the large metal detector. When a member of the public activates the audible alarm on the large detector, the Deputy performs a more detailed search using a handheld metal detector. This Deputy will also confirm that all items have been removed from the subject’s person and there are no hidden items located on the subject’s ankles or inside of footwear by visual means and, if necessary, physical inspection.

1.2 Security for Ancillary Court Proceedings

The 22nd Judicial District Court operates multiple auxiliary Courts that, while not presided over by a Judge and thus mandating the presence of a bailiff, are known to conduct some of the most volatile and high-risk court proceedings. These Courts are presided over by the 22nd Judicial District Court Commissioner and a Court Appointed Hearing Officers and include such matters of - Bond Conditioning Court, Protective Order Court, Child Support Hearings, and Family Court Mediation. Deputies are often employed as additional security in and around these Courts to ensure the safety and orderliness of those involved. Due to the tense nature of many of these proceedings, and the greater probability for violence to ensue following the Court’s rulings, Security Deputies will often provide multiple armed escorts for the parties involved to guarantee safe entry and exit to and from the building and surrounding parking areas.

1.3 Floor Security

Floor Security Deputies act as a quick response force, and provide a visible police presence inside the Justice Center. While not assigned to any one position in the courthouse, these Deputies often provide help whenever and wherever needed, and answer all calls for service as requested. Duties of these Deputies may also include self-initiative response concerning any observed need for assistance, provide bailiffs with additional security for high profile cases, and requests for escorts into or out of the building to ensure safety of judicial staff and citizens.

Floor Deputies are typically first to arrive on the scene of a disturbance that may arise in and around the Justice Center. Due to this fact, Floor Deputies are also responsible for most arrests, and report writing for events that occur in the building. This assigned position is also responsible for responding to medical emergencies within the building, administering medical-first aid according to the Deputy’s level of training, generating reports relative to said emergency, and submitting those reports to the Parish. In the event of a medical emergency involving an incarcerated person, the Floor Security Deputy may also be responsible for escorting the inmate to the hospital, should the need for medical transport arise.
1.4 **Main Control**

The Main Control Deputy acts as a centralized contact point and dispatcher for the Court security. While working this assignment, the Deputy will be required to answer all incoming phone calls, list and respond to all necessary radio traffic, and log all pertinent information into the computer aided logbook. In addition, the Main Control Deputy will also dispatch any calls for service received from the agencies located within the Justice Center, monitor all security cameras, send signals to all panic alarms, and verify that any contractor and delivery company attempting access to the loading dock has clearance by the Parish.

In the event of a medical emergency, the Main Control Deputy will be the first point of contact and will immediately begin the process of procuring a response from Emergency Medical Services. This Deputy will also provide any necessary information to EMS. All information pertaining to an emergency event will be categorized and logged by the Main Control Deputy, thus, making it available for reporting and statistical purposes.

In the event of a fire or bomb threat, the Main Control Deputy will be responsible for alerting and notifying other agencies and divisions located in the Justice Center, as well as coordinating a sweep of the building to ensure all subjects have exited the premises. During such situation, it is the job of the Main Control Deputy to keep detailed log entries, ensure the radio channel is available for essential communication, and relay information as needed by radio or telephone as directed by his/her ranking supervisors.

1.5 **Loading Dock Security**

This position requires a Loading Dock Deputy be assigned to the loading dock area between the hours of 0900-1015 hours and 14:30-15:30 hours. The first responsibility of this Deputy is to observe and scan all packages and parcels delivered to the Justice Center. Any package that is a certain size constraint will be scanned by the Deputy, using an x-ray machine. Any package too large for the x-ray machine will be opened and manually inspected to ensure no hazardous substances or dangerous items are contained therein. In the event a potentially hazardous device or substance is observed by the Deputy, he/she is required to further inspect the package pursuant to his/her level of training and notify other divisions or agencies as necessary to ensure safety and security.

The second responsibility of this position is to ensure that the loading dock area remains safe, and unauthorized subjects attempt entry through this location during the hours when the security gate is retracted.
1.6 **Early Shift**

This position requires two (2) Deputies (a supervisor and a subordinate) to work between the hours of 0600 and 1430 hours. These assigned Early Shift Deputies are responsible for ensuring all publically accessible areas of the Justice Center are safe and secure prior to the building opening for business. The Deputies make thorough inspections of all open areas of each floor level, including witness rooms, bathrooms, division offices, and the Jury Pool Room. Mirrors and flashlights are utilized for viewing beneath tables, chairs, benches, desks, and any other area where contraband or weapons may be hidden.

The Early Shift Deputies also ensure that the security stations located at the building entrances are activated and ready for use prior to 0800 hours, and the south security station between 0700 and 0800 hours. The Deputy assigned to the Security Station will ensure that all building employees are able to safely enter the Justice Center, and prevent any members of the public from entering until such time as the doors open to the general public.
